Instruction Manual

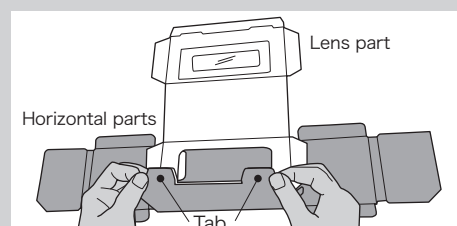

- 1 Assembling Hacosco
- 2 Hacosco Store
- 3 Playing Content

【Preparations for Assembly】

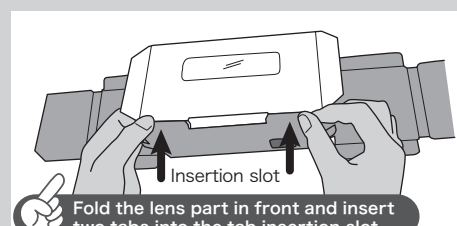

- ・ Please fold along all the broken lines.
- ・ Start assembling as shown on the right figure.

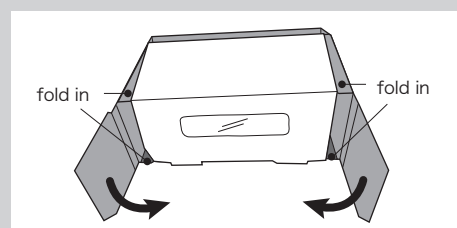

How to assemble

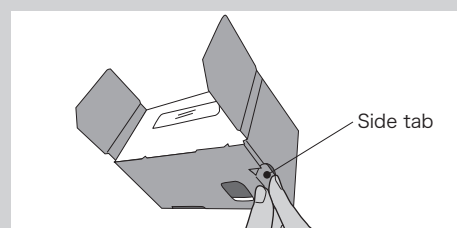

- 1 Place the lens part on the horizontal part, align and hold the tabs.

- 2 Fold the lens part in front and insert two tabs into the insertion slot.

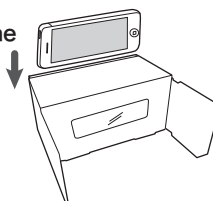

- 3 Insert the folded parts on two sides into the box and close like the lid.

- 4 It is completed by inserting the side tabs at the bottom into the hole.

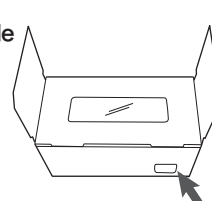

●How to set Smartphone

Please install the App on the smartphone, display the contents, and put the smartphone into the front pocket.

●Screen operation hole

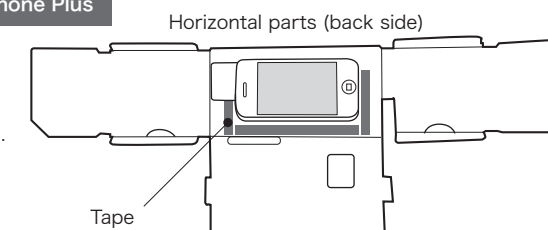

can operate the screen with your finger from the screen operation hole even with the smartphone inside.

When the smartphone is smaller than iPhone Plus

●How to use the tape

Your smartphone can be fixed by using the included tape.
Please cut the tape for sides into 2 pieces.

⚠ Precautions for Use

- ・ Hacosco is paper product, so please do not place it near fire or other combustion sources.
- ・ Be sure not to turn Hacosco upside down or your smartphone may fall out.
- ・ Hacosco may be stained with sebum when it contacts with the skin. It is recommended to keep Hacosco about 1cm away from your skin surface when using it.
- ・ Please do not expose Hacosco in direct sunlight. There is possibility of causing light condensation and ignition by the lens.
- ・ Do not remove the lens and look into direct sunlight, etc.
- ・ Some contents may cause nausea. In such cases, please stop using immediately.
- ・ You cannot see your surroundings while using Hacosco. So please avoid moving around while wearing Hacosco and remove it before you move.
- ・ We cannot return or compensate for any loss or damage, etc., occurring after you start using Hacosco.
- ・ We do our best to ensure the quality of our products, but in the event that you receive a damaged or broken product, we will exchange for free. Please contact us at the following address within 7 days after delivery.
